“George W. Merck believed that medicine should be for the people, not for the profits. As a company, Merck continually strives to live up to this challenge. This is why we are proud to partner with Lions' Clubs International Foundation through the MECTIZAN Donation Program, fighting river blindness in Africa and Latin America. LCIF is a trusted partner in this groundbreaking program, and their commitment ensures that patients in even the most remote areas are able to receive the best available treatment.”
